MANITOBA PUBLIC LIBRARY STATISTICS

1984

Manitoba
Culture, Heritage
and Recreation

It is with great pleasure that I present the ninth annual edition of Manitoba Public Library Statistics. This series of publications has been providing our library community with standards of measurement and yearly comparisons of activities since 1976.

The statistical information for 1984 has been compiled in an accessible and relevant format to assure its continuing usefulness in the planning and evaluation of public library service levels. My sincere appreciation is extended to Debra Genik whose efforts have made Manitoba Public Library Statistics 1984 possible.

EXPLANATION NOTES

The 1984 statistics have been compared with the 1983 statistics whenever possible. The 1983 statistics are presented in brackets. Within each category, the statistics are divided into two broad geographical areas: those libraries located outside Unicity Winnipeg classified as RURAL; and the library system within Unicity Winnipeg classified as WINNIPEG. Within the rural geographical area, the libraries are arranged alphabetically. The income and Expenditure figures were taken from the 1984 audited statements. The Circulation and Resources figures were taken from the library's annual report, Public Library Services annual survey and Statistics Canada Annual Survey of Public Libraries. A dash, -, indicates that no information was submitted.

GENERAL STATISTICS

Effective January 1, 1984, the population of the province and of the municipalities reflects boundary changes and excludes Canadian Forces Base residents. These figures are obtained from Manitoba Municipal Affairs.

INCOME AND EXPENDITURE

INCOME:

Provincial Grant: Total operating and establishment grants paid in respect of the library's 1984 fiscal year under Manitoba Regulation 153/83. The fact that the library's fiscal year corresponds to the calendar year while the provincial fiscal year is April 1 to March 31, may contribute to inconsistencies between the library's audited statement and provincial records. Where this occurs, a footnote is provided.

Operating grants were calculated using 1983 Municipal Affairs population figures, 1984 equalized assessments and 1984 proposed municipal levies. The use of proposed levies in the grant calculation may necessitate adjustment in the subsequent year's grant where the audited statement reflects a levy other than that proposed. Such adjustments are indicated in a footnote.

Grant Per Capita: Total provincial grant divided by the total population served by the library.

Municipal Levy: Total tax income and grants in lieu of taxes from the municipality or municipalities which established the library.

Levy Per Capita: Total municipal support divided by the total population served by the library.

Other: Total funds received from all other sources such as lost books, non-resident memberships, donations, etc. Surplus funds, from whatever sources, are not listed here.

Total: Total of Provincial, Municipal and Other Income.

EXPENDITURE:

Personnel: Total amount spent for wages, salaries and fringe benefits for library staff.

Materials: Total amount spent on the purchase of books, periodicals, newspapers, audio-visual materials, microforms and other library materials.

Other: Total amount spent on all other items with the exception of furniture and furnishings.

Furniture/Furnishings: Total amount spent on furniture and furnishings out of current revenue. Expenditures associated with the erection of new buildings or renovations are not listed in this category.

Total: Total of Personnel, Materials, Other and Furniture/Furnishings.

Expenditure Per Capita: Total current expenditure divided by the total population served by the library.

Address: Mailing address of central branch of each regional or municipal library.

RESOURCES

A dash, -, indicates that no information was submitted.

Volume: A volume is all material contained in one binding or portfolio, whether it is as originally issued or bound after issue. Paperbacks are included.

Volumes Added: Total volumes added.

Volumes Withdrawn: Total volumes withdrawn.

Volumes Held: Total volumes held (includes reference and paperbacks).

Volumes Per Capita: Total volumes held divided by the total population served by the library.

RESOURCES (continued)

Sound Recordings: The number of records, record sets, eight track tapes or cassette tapes held.
